

We are sorry to report the death of Inas Buckner, Feb. 1, 1929. She was the small daughter of Mr. and Mrs. Noah Buckner, and was only two years and three months old. We feel our loss is heaven's gain. The bereaved ones have our deepest sympathy.

In loving memory of our darling baby, Inas, who died February 1, 1929. She was only 2 years, 2 months and a few days old, and O, how we miss her no one can tell. She has gone to join with loved ones over on the other shore, and some day when life is ended we will go and meet her. Isn't that glorious to know that we can go and meet her, where there will be no more sad parting and no tears to dim the eyes? When we smile, no one knows the sadness and heartaches we are trying to hide. Discouraged in the work of life, disheartened by its load—but God saw best to take her where she would never thirst or suffer. We hope one day to meet her where sorrow is unknown. It will be so sweet to meet her and have again our own, sadly missed by her loving parents.

MR. and MRS. NOAH BUCKNER
120 Haltiner Street,
River Rouge, Michigan.
