

**FLORENCE ELLER BURNED TO
DEATH. 12/30/27**

On Monday the 19th day of Dec., Florence, four and one half year old Jane Eller was fatally burned about 9 o'clock. Dr. Moore was rushed to the home where he dressed her burns and advised that she be taken to the hospital. After two hours rest she was taken to the hospital at Marshall where she was given every attention that could be given her. Worked as faithfully as they could have done had she been their own child. The nurses were as attentive and kind as if she had been a little sister, but the burns were too severe for her to live and at 10 o'clock that night the Lord took her to be with him forever. We miss her. Our hearts are almost broken, but we know that it will only be a few days until we will see her again. We want to thank everyone that helped us in anyway in that trying hour and especially the doctors and nurses. We cannot say enough good things about the hospital at Marshall.

R. C. ELLER, (Grand-father), for
