During a difficulty between Fidel Phillips and Allen Henderson Jr. at the Jack Ramsey Ferry last Saturday afternoon Phillips shot Hendrson four times with a 38 revolver, Phillips left immediately and has not been seen since Henderson died Sunday morning we understand that both parties had been at Asheville on the fourth and were still celebrating. The starting of the difficulty is said to have been a vulgar remark made by Phillips in the presence of Hendersons wife. 7/12/87 MCR
